Confirmation and signature for part B

Declaration of assurance of compliance with the criteria

- x We hereby confirm, that _____ complies with the currently valid criteria of the [European Input List](#).

Declaration of assurance on compliance with the "ban on the use of genetic engineering" in accordance with Regulation (EU) No 2018/848 (organic production) in the current valid version

The sender assures that this product with the included components neither contains GMOs nor was produced "from" or "by" GMOs (terms mentioned in Articles 3 and 11 of the Regulation (EU) No 2018/848) and that no information exists which could suggest that this statement is incorrect.

The sender confirms that the aforementioned product fulfils the requirements of Regulation (EU) No 2018/848 regarding the ban on the use of GMOs.

The sender commits to inform FiBL Projekte GmbH, its customers and the relevant control body / control authority immediately if this confirmation is withdrawn or changed or if information becomes known that calls into question the accuracy of this confirmation.

The sender authorizes the control body / control authority responsible for customer monitoring in terms of Article 3 of Regulation (EU) No 2018/848, FiBL Projekte GmbH or by FiBL Projekte GmbH authorized representatives to check the accuracy of this confirmation and, if necessary, take samples for analytical verification. Furthermore, the sender agrees that this task may be assigned to an independent body, which will be nominated in written form by the control body.

This assurance statement is valid until revoked.

The sender is liable for the accuracy of this declaration.

The sender assures that the given information is correct and complete and commits to inform FiBL Projekte GmbH about every change immediately.

This assurance statement is valid until revoked.

In the case of electronic data transmission, this declaration is valid without a signature. The sending of the data is regarded as confirmation and assurance that the form has been filled in correctly and completely. It is also regarded as release for processing.

Entries in fields marked with an asterisk (*) are intended for publication. FiBL Projekte GmbH reserves the right to shorten and make adjustments.

Trade name mentioned in the Input List	*
Preferred FiBL category in the Input List	*
see Classification of categories ; multiple selection possible depending on product. Please note that multiple selection will incur additional charges each year according to our scale of fees .	

CI Chemical parameters (according to VDLUFA)

The nutrient contents must be declared according to the regulations.

The nutrient indications will be published at FiBL Projekte GmbH's professional discretion.

Nutrient analysis for the category:		1-20 composts and digestates	
Dry matter	_____ % of FM	K ₂ O	_____ % of DM
Organic matter	_____ % of DM	CaO	_____ % of DM
N (total)	_____ % of DM	MgO	_____ % of DM
P ₂ O ₅	_____ % of DM		
Salinity (KCl)	_____ g/l FM	pH value (in H ₂ O-extract)	_____

Nutrient analysis for the category:		1-30 growing media and potting soils	
		1-31 Additives for potting mixes	
N (total)	_____ mg/l	NH ₄ -N	_____ mg/l
NO ₃ -N	_____ mg/l	P ₂ O ₅	_____ mg/l
K ₂ O	_____ mg/l		
Salt content (KCl)	_____ g/l	pH value (in CaCl ₂ -extract)	_____

C2 Content of heavy metals

Cd:	_____ mg/kg	Cr:	_____ mg/kg	Cu:	_____ mg/kg
Zn:	_____ mg/kg	Cr (VI):	_____ mg/kg	Ni:	_____ mg/kg
Pb:	_____ mg/kg	Others:	_____ :		_____ mg/kg

Confirmation and signature for part C

In case, the applying company is the distributor of the product, does not know the products recipe and purchases the product from another company for the distribution, the sender assures, that the product will be put on the market unchanged.

Should the sender become aware of circumstances, which indicate that the affirmation in this period is not adhered to, it is bound to inform FiBL Projekte GmbH about the circumstances that make it possible that the information given here has become inaccurate.

The sender assures everyone, that the above named product, registered by itself, is allowed to be used according to the intended purpose for which it is placed on the market and in the context of organic production. Furthermore, that it is in accordance with the regulations (EU) 2018/848 and (EU) 2021/1165 and general national legal requirements.

This assurance statement is valid until revoked, but at least for the entire period of validity of the Input list for organic production until 31.01. the year after next.

The sender takes note that FiBL Projekte GmbH checks the correctness of confirmations given with product submissions for quality assurance purposes. Therefore, randomly selected products are tested for the presence of unauthorised substances as part of a monitoring program. The analyses are carried out anonymised by an independent, accredited laboratory selected by FiBL Projekte GmbH. The sender commits to provide product samples required for this purpose at the request of FiBL Projekte GmbH.

This assurance statement is valid until revoked. The sender is liable for the accuracy of this declaration.

In the case of electronic data transmission, this declaration is valid without a signature. The sending of the data is regarded as confirmation and assurance that the form has been filled in correctly and completely. It is also regarded as release for processing and publication.
