

Classification of categories

To give a clear presentation of the products in the FiBL input list they are classified into categories. Please assign your product to a category by finding the corresponding number (left column) and designation (right column) and writing the information in the field "Preferred FiBL category in the Input List" on the form "Application for registration of composts, potting soil products, mulching materials, substrates, soils, biodegradable pots or technical materials" (e.g.: "1-20 Composts and digestates"). Several categories can be specified. Please also refer to our scale of fees.

FiBL reserves the right to change the category previous to the publication.

1 Composts, soils and technical materials			
1-20	Composts and digestates		
1-20-1	Solid fertilizers from recycled material	1-30-6-1	Mixes for pressed pots with high peat content
1-20-1-1	Compost from separate collection	1-30-6-2	Cultivation soils with high peat content
1-20-1-2	Green waste compost	1-30-8	Substrates without peat for hobby gardening
1-20-1-5	Other compost	1-30-8-1	Substrates without peat for pots and flower beds
1-20-2	Liquid fertilizers from recycled material	1-30-8-2	Substrates without peat for troughs in hobby gardens
1-20-6	Solid digestate	1-30-8-3	Substrates without peat for indoor plants
1-20-7	Liquid digestate	1-30-9	Substrates for special applications
1-20-8	Diverse fertilizers from recycled material	1-30-9-1	Substrates for landscaping
1-20-8-1	Spent substrates from organic mushroom cultivation	1-30-9-2	Substrates for bog plants
1-20-8-2	Spent substrates from conventional mushroom cultivation	1-30-9-3	Substrates for trees
1-25	Mulching materials, pots, and technical material	1-30-9-4	Substrates for lawns
1-25-1	Mulches for covering	1-30-9-7	Substrates for roof greening
1-25-3	Biodegradable fleeces	1-30-9-8	Substrates for tropical houses
1-25-5	Biodegradable mulching films	1-30-9-10	Substrates for mushrooms
1-25-8	Biodegradable mulching sheets	1-31	Additives for potting mixes
1-25-12	Biodegradable sowing fleeces	1-31-1	Mineral additives for substrates and potting soils
1-25-15	Biodegradable pots	1-31-2	Organic additives for substrates and potting soils
1-25-20	Other biodegradable materials		
1-28	Sowing aids and seed treatments		
1-30	Substrates and potting soils		
1-30-3	Substrates without peat		
1-30-3-1	Substrates for sowing without peat		
1-30-4	Substrates with low peat content		
1-30-4-2	Cultivation soils with low peat content		
1-30-5	Substrates with medium peat content		
1-30-5-2	Cultivation soils with medium peat content		
1-30-6	Substrates with high peat content
