

## Classification of categories

To give a clear presentation of the products in the FiBL input list they are classified into categories. Please assign your product to a category by finding the corresponding number (left column) and designation (right column) and writing the information in the field "Preferred FiBL category in the Input List" on the form "Application for registration of products for cleaning, disinfection, hygiene and care" (e.g.: "**4-1 Cleaning and disinfection products for milking equipment**"). Several categories can be specified, please also refer to our scale of fees.

FiBL reserves the right to change the category previous to the publication.
