

# Declaration on conformity with the sustainability requirements for materials sourced from aquatic environment

## Instructions for completing this form

This form only needs to be filled if a product contains one or more of the following materials mentioned in the Annexes of Reg. (EU) 2021/1165:

- Chitosan hydrochloride, laminarin (see Annex I of Reg. 2021/1165);
- Algae or algae products, mollusc waste, chitin (polysaccharide obtained from the shell of crustaceans) (see Annex II of Reg. 2021/1165);
- Meal, oil and other feed materials of fish or other aquatic animals origin; mollusc or crustacean origin; fish and fish oil (see Annex III of Reg. 2021/1165);
- Calcareous marine shells (Requirement only applicable for products evaluated against the Bio Suisse standard).

Please complete this form and attach it to your product application.

## 1. Product(s) concerned

Denomination of product(s) / material(s)	
Company name	
FiBL customer ID	
Role of the company	<input type="checkbox"/> distributor <input type="checkbox"/> manufacturer <input type="checkbox"/> other:

## 2. Fertilizers and plant nutrients

Materials <i>Please indicate material used</i>	Specifications <i>Please indicate origin of the material</i>
Algae or algae products	wild algae, collected in a sustainable way in accordance with point 2.4 of Part III of Annex II to Regulation (EU) 2018/848 <i>(please provide evidence)</i>  from organic aquaculture <i>(attach organic certificate)</i>
Mollusc waste; chitin (polysaccharide obtained from the shell of crustaceans)	from sustainable fisheries, in accordance with Article 2 of Regulation (EU) No 1380/2013 <i>(please provide evidence)</i>  from organic aquaculture <i>(attach organic certificate)</i>

## 3. Plant protection and related products

Materials <i>Please indicate material used</i>	Specifications <i>Please indicate origin of the material</i>
Laminarin	wild algae, collected in a sustainable way in accordance with point 2.4 of Part III of Annex II to Regulation (EU) 2018/848 <i>(please provide evidence)</i>  from organic aquaculture <i>(attach organic certificate)</i>
Chitosan hydrochloride	from sustainable fisheries, in accordance with Article 2 of Regulation (EU) No 1380/2013 <i>(please provide evidence)</i>  from organic aquaculture <i>(attach organic certificate)</i>  not from aquatic origin <i>(provide details)</i>

# Declaration on conformity with the sustainability requirements for materials sourced from aquatic environment

## 4. Animal feed

Materials <i>Please indicate material used</i>	Specifications <i>Please indicate origin of the material</i>
Meal, oil and other feed materials of fish, mollusk, crustacean origin or Aquatic animals	<p>obtained from fisheries that have been certified as sustainable under a scheme recognized by the competent authority in line with the principles laid down in Regulation (EU) No 1380/2013, in accordance with point 3.1.3.1(c) of Part III of Annex II to Regulation (EU) 2018/848 and produced or prepared without chemically synthesised solvents <i>(their use is authorised only to non-herbivores livestock and the use of hydrolysed fish protein is only permitted for young animals of other species other than herbivores)</i></p> <p>derived from trimming or whole fish, crustaceans or molluscs caught and not used for human consumption compliant/ in accordance with point 3.1.3.3(d) of Part III of Annex II to Regulation (EU) 2018/848 <i>(only for carnivorous aquaculture animals)</i></p>

## 5. Confirmation of compliance and signature

The applicant hereby confirms that he/she has understood the requirements and declares that

- this declaration has been established after verification of the origin and collection practices of the relevant materials;
- the concerned materials comply with the requirements, set out in the respective Annexes of Reg. 2021/1165, summed up above.

This assurance statement is valid until revoked.

The sender affirms that his information is accurate and that he is committed to inform FiBL Projekte GmbH about every change immediately. If the sender becomes aware of circumstances which indicate that the affirmation in this period is not adhered to, he is committed to inform FiBL Projekte GmbH about the circumstances that make it possible that the information given here has become inaccurate.

In the case of electronic transmission of the data, this declaration is valid without signature. The sending of the data is considered as confirmation and assurance that this form has been filled in correctly and completely.
